## VACCINES FOR AGES 18 & OLDER

HPV (gardasil 9)  
Flu  
Shingles  
Tdap  
Tetanus  
Hepatitis A and B  
Pneumonia (pneumococcal)  
Meningitis vaccine

## QUANTITY LIMITS:

30 per 30-day supply unless  
otherwise noted

### bupropion

90 per month

### bupropion SR

60 per month

### ELIDEL

must have tried/failed low potency  
corticosteroid first

### ENBREL

25mg INJ: 4 INJ per 28 days

### ESTRING

1 every 3 months

### granisetron

10 tablets per prescription

### ISENTRESS

60 per 30 days

### lovastatin

60 tablets per 30 days

### NUVARING

1 ring per month

### ondansetron

10 tablets per prescription

50ml per prescription

### risperidone

60 tablets per 30 days /

120ml per 30 days

1mg/ml solution

### sumatriptan

tabs: 9; spray: 6 per month

### TOBRADEX

10ml per 6 months

### TREXIMET

9 tablets per 30 days

### venlafaxine

60 per month

### ZOMIG

5mg: 3 per month;

2.5mg & spray: 6 per month

## SPECIAL HANDLING MEDICATIONS:

Members may pick up these  
medications at any UH pharmacy  
for a \$0 co-pay.

In general, refrigerated medications and  
controlled substances may not be  
mailed.

### Any medication requiring refrigeration

All insulins  
Humira or Enbrel  
Vitamin D capsules  
Nuvaring  
Restasis  
Byetta or Bydureon  
Victoza  
Lovaza

## NOTE:

For drugs not listed on this  
PDL, please contact your UH  
pharmacy to inquire about  
coverage or mail out status.

### Do you have questions about your medical insurance?

Call Community First Member Services: 210-358-6090

### Do you have questions about your prescription insurance?

Call Navitus: 866-333-2757

### Do you have questions about refill order forms, shipping eligibility, etc.?

Call Robert B. Green Employee Pharmacy: 210-358-9654

### Are you unable to find your medication on this list?

Call Navitus: 866-333-2757

# UFCP Preferred Drug List

## Plan Year 2024

### Three-tier Preferred Drug List (effective January 1, 2024)

**Preferred Drug List Development & Use:** This Preferred Drug List was developed by the Community First Health Plans Pharmacy and Therapeutics (P&T) Committee to ensure Members receive cost-effective pharmaceutical care with an emphasis on quality and safety. The P&T Committee is comprised of Community First physicians and other health care providers. Using this list will allow Community First to keep its prescription benefits affordable for Members. Although Members may receive any medication their physician chooses to prescribe, medications not listed in this list may require a higher copay and will not be available via University Health mail-order. Information about prior authorization requirements or limitations for certain medications is available to prescribers via the Navitus Web Portal.

For more information, please visit [www.navitus.com](http://www.navitus.com) or call **866-333-2757**.

**Drug Tiers:** All generic drugs are (1) considered preferred, (2) are 1st Tier medications, and (3) are displayed on the Preferred Drug List in lower case type. Preferred brand name drugs are (1) 2nd Tier medications and (2) are capitalized. Medications not listed are considered (1) non-preferred brand name drugs and (2) are 3rd Tier medications. For additional outpatient prescription medication coverage information, you may contact Member Services at **210-358-6090** or toll-free at **1-800-434-2347**. Please refer to your Certificate of Coverage and your Outpatient Drug Rider for drug exclusions, quantity limits, and step therapy, which may apply to certain medications. If you choose a brand name medication when a generic is available, you will be responsible for the generic copay, plus the price difference between the generic medication and the brand name medication, even if the prescriber writes, "Brand Name Medically Necessary."

**Over-The-Counter Medications:** Over-the-counter (OTC) medications and any prescription medications that contain the same active ingredient(s) as existing OTC medications are not covered. If you decide to try a non-prescription medication, talk to your doctor or pharmacist about the most economical way to purchase the drug and the appropriate dosing that matches your prescription strength and brand.

### Maintenance drugs are coded as such if they meet the following criteria:

1. Medications that do not require frequent monitoring and dosage adjustments for side effects or therapeutic responses. Certain drugs that may have potential life-threatening toxicity when taken as an intentional overdose may be excluded.
2. Medications that are used to treat a chronic condition with no therapy endpoint. These drugs are taken continuously, but do not provide a cure for the condition for which it is being treated.
3. Medications that are typically used as outpatient type of drugs.

| LEGEND    |                        | generic = lower case letters | • BRANDS = CAPITAL LETTERS  |
