

PRESCRIPTION COPAYS

When you fill a prescription at a University Health pharmacy, you will have a **\$0 COPAY** as a University Family Care Plan Member. Mail-Order Prescriptions delivered straight to your home are also available at a **\$0 COPAY**.

When you fill a prescription at a non-University Health Pharmacy, you may have a copay. A copay is a flat fee you pay for things like a doctor's visit or a prescription drug.

YOUR PRESCRIPTION DRUG COPAY AMOUNT DEPENDS ON YOUR PLAN & TWO OTHER FACTORS:

- 1. DRUG TIER:** Prescription drugs are grouped into tiers. The higher the tier, the higher the cost of the medicine for the Member, in general.
- 2. QUANTITY:** A standard supply for many prescription drugs is 30 days, but some drugs may be available in a 90-day supply. Your copay amount may depend on the quantity.

The chart below is an example of what you might pay for a prescription drug depending on the drug tier and quantity.*

	30-DAY SUPPLY	90-DAY SUPPLY
TIER 1 (PREFERRED GENERIC DRUGS)	\$20 copay	\$40 copay
TIER 2 (GENERIC DRUGS)	\$40 copay	\$80 copay
TIER 3 (BRAND NAME DRUGS)	\$80 copay	\$100 copay

*Copay waived if filled at a University Health Pharmacy.

Visit UniversityFamilyCarePlan.com to:

- Review your plan documents and prescription drug benefits.
- Find the drug tier of your medication in the Formulary.
